

## INTRODUCTION TO CONTACIO

The Contacio All Ages Boardriders Club is the largest and newest boardriders club in Western Australia and consists of males and females aged from 4 to 60 years of age all living within the Northern Coastal Suburbs.

Contacio was originally formed in 1993 by a group of teenage boys. As time went on these boys grew into men and eventually got married, had children and consequently the club laid dormant.

In late 2014 after retiring from a very successful junior only club, I decided to revive Contacio and aim it at all ages. It was a long process, however, in January 2015 Contacio saw the first competition and within the first year we are one of the biggest Boardriders and most successful clubs in WA just by researching the clubs you will see ours stands out above the rest!

Two years in to the adventure and Contacio is boasting a membership base of over 120 families and individuals. Contacio recently were featured in the West Australian pointing out our program to raise funds for disadvantaged youths in villages across Indonesia as well as raising funds to support groups of Indigenous youths to come to Perth and participate in surfing camps.

Contacio will also expand within the boardriders circle and introduce other divisions to cover all Boardriders not just the shortboard. Beginning with a skateboarding division ® which will be the first ever of its kind in Perth.

## OBJECTIVES FOR CONTACIO:

- Encouragement in the sport of surfing.
- To have fun, and participate regardless of ability
- Environmental awareness
- Provide an atmosphere where all surfers can meet and compete in a safe and socially rewarding environment.
- To assist juniors in developing surfing skills and confidence in a variety of conditions with the assistance of our own club Surfing WA trained coaches.
- To provide a link to other surfing bodies including the ability to allow those with high skills the opportunity to continue competing at a superior, state, national and international level.

## BECOME A SPONSOR

What you now know, Contacio Boardriders is a high profile and successful club along the Perth coastal strip. The club is open to considering new partnerships, and we invite you to register your interest.

In addition to being a surfers club Contacio provides a worthy community service supporting the less fortunate.

## BENEFITS MAY INCLUDE

Acknowledgement in club communications (website, social media, newsletter, member handbook, etc)

- Branding on the facilities, equipment and club clothing
- Club membership
- Support to assist in promoting revenue for your business
- Invitation to our end of year presentations and sponsors function

The exact benefits received by our partners depend on the level of sponsorship.
